

# Bulletin on Current Literature of the National Society for Crippled Children and Adults

*A Monthly Bibliography for Workers with the Handicapped*

Vol. 10, No. 6

One Dollar A Year

June 1949

## ACCIDENTS

350. Gordon, John E.

The epidemiology of accidents. Am. J. of Public Health. Apr., 1949. 39:4:504-515.

"A pattern for epidemiologic analysis is presented as a means for a better understanding of accidents, and thereby through improved measures of prevention, a lesser cost in deaths, defect and disability."

## ACCIDENTS--PREVENTION

351. Armstrong, D. B.

Can child accidents be prevented in your community, by D. B. Armstrong and W. Graham Cole. Am. J. of Public Health. May, 1949. 39:5:585-592. Reprint.

A discussion of the child accident problem and physical conditions affecting child safety. A suggested plan of organization for a community child-safety program is given.

## ALPHA GAMMA DELTA

352. Busfield, J. Mabel Clark.

Alpha Gamma Delta's counselor training program; established through the School of Education, New York University. Alpha Gamma Delta Quarterly. May, 1949. 40:3:111-114.

Resume of candidate eligibility for the fraternity's new "Counselor Training Program" in vocational guidance of the physically handicapped, together with comments on other activities carried on by local chapters.

## APHASIA

353. Smith, Max.

Teaching an aphasic how to write again. J. of Clinical Psychology. Oct., 1948. 4:4:419-423. Reprint.

Presentation of a successful teaching device that was employed for an aphasic patient whose chief difficulty was his inability to write, although he had no difficulty spelling.

## ARTHRITIS

354. American Rheumatism Association.

Primer on the rheumatic diseases. J. of Am. Med. Assn. Apr. 16 & 23. 139:16 & 17:1068-1076, 1139-1146. Reprint.

The third edition of the Primer discusses the etiology, diagnosis, clinical features and treatment for brucellosis, degenerative joint diseases, rheumatic fever, and the various types of arthritis.

Issued by the Research and Legislative Service, National Society for Crippled Children and Adults, Inc.

11 South LaSalle Street

Chicago 3, Illinois

#### ARTHRITIS--BIOGRAPHY

355. Disabilities: 29. Rheumatoid arthritis. Lancet. May 7, 1949. 256:6558:793-794.

An English woman describes her arthritic condition, the type of medical care she has been given and her own personal means of managing some of the physical problems relating to her disability.

#### ASPHYXIA

356. McQuillen, Florence A.

Cerebral manifestations of anoxia; a review of the literature. J. Am. Assn. of Nurse Anesthetists. May, 1949. 17:2:137-173. Reprint.

A review of the literature with illustrative case histories on the following phases of anoxia: experimental studies with animals, experimental studies in human subjects, anoxia and anesthesia, and postoperative psychosis. A bibliography of 164 titles is provided.

357. Watrous, Willis G.

The physiologic effects of anoxia. J. Am. Assn. of Nurse Anesthetists. May, 1949. 17:2:105-116. Reprint.

Symptoms and signs of oxygen want, the systemic effects of anoxia and relationship between anesthesia and anoxia are discussed.

#### BACKACHE

358. Rechtman, A. M.

Backache and the orthopedic surgeon. Industrial Medicine. May, 1949. 18:5:203-209.

Various types of backache, symptoms and treatment are discussed. Surgery, necessary in only a relatively small number of cases, is indicated briefly.

#### BLIND--EMPLOYMENT

359. Mandatory procedures for workshops for the blind in order to meet the requirements of the Fair Labor Standards Act of 1938 and the Walsh-Healey Public Contracts Act of 1936, by C. C. Kleber. Outlook for the Blind. May, 1949. 43:5:144-146.

Minimum wages, overtime, safety and health are discussed as applied to both Acts. Certification procedure and regulations governing sheltered workshops are given.

#### BLIND--ETIOLOGY

360. Bryson, James G.

Ocular manifestations of intracranial injury. Military Surgeon. May, 1949. 104:5:348-358.

The importance of ocular manifestations of intracranial injury in determining the extent and severity of brain damage is stressed. Author reviews neuro-ophthalmology, ocular signs in acute intracranial trauma and ocular sequelae of intracranial injury.

#### BRAIN INJURIES

See 360.

#### BRUCELLOSIS

See 391.

#### CEREBRAL PALSY--PROGRAMS

See 352.

#### CEREBRAL PALSY--PROGRAMS--OHIO

361. Warken, (Mrs.) Victor J.

"... A part of us, not apart from us" Ohio Citizen. Apr., 1949. 2:4:1-5. Reprint.

Description of the program of the Franklin County Society for Crippled Children with special emphasis on their treatment center for cerebral palsied pre-school age children. Points out lack of facilities available for school-age children.

#### CEREBRAL PALSY--SPEECH CORRECTION

362. Huber, Mary.

Speech rehabilitation of the cerebral palsied. (Chicago, National Society for Crippled Children and Adults, 1949) (8) p. Mimeo. Bibliography: p. 8.

Prepared for the NSCCA, American Speech and Hearing Assn., and the New York University College of Medicine for the American Medical Assn. scientific exhibit, Atlantic City, June 6 to 10, 1949.

Single copies free from the National Society for Crippled Children and Adults.

#### CHILD WELFARE--LEGISLATION

363. U. S. Congress. Senate. Committee on Labor and Public Welfare.

Statement by Lawrence J. Linck, Executive Director, National Society for Crippled Children, on S. 904 before Senate Committee ... May 11, 1949. Chicago, The National Society for Crippled Children and Adults, 1949. (6) p. Mimeo.

A statement in behalf of Bill S. 904, the National Child Research Bill. Available without charge from the National Society.

#### CHILDREN--GROWTH AND DEVELOPMENT

364. District of Columbia. Curriculum Committee for Health, Education and Safety in the Elementary Schools, Washington.

Child growth and development; characteristics and needs. J. of Assn. for Health, Physical Education and Recreation. Apr., 1949. 20:4:233-234, 278-282.

The inauguration of a new curriculum on health and physical education indicated a need to clarify various age levels of children classifying them according to physical growth and development, characteristics and needs.

#### CHRONIC DISEASE

365. Halverson, Wilton L., and others.

The chronic disease study of the California Department of Public Health, by Wilton L. Halverson, Lester Breslow and Malcolm H. Merrill. Am. J. of Public Health. May, 1949. 39:5:593-597.

In same issue: Chronic diseases as an industrial health problem, by Clarence Selby, p. 598-601.-The use of statistics in cancer control programs, by Harold F. Dorn, p. 602-606.-Diabetes control in a local health department, by Hugh L. C. Wilkerson and Malcolm J. Ford, p. 607-613.

#### CHRONIC DISEASE--MEDICAL TREATMENT

366. Rusk, Howard A.

Dynamic therapeutics in chronic disease. Postgraduate Medicine. Apr., 1949. 5:4:278-287. Reprint.

Substantially a restatement of Dr. Rusk's views, which have appeared in current medical journals.

#### CLEFT PALATE--MEDICAL TREATMENT

367. Koepp Baker, Herbert.

The rehabilitation of the person with cleft lip and cleft palate. (Chicago, National Society for Crippled Children and Adults, 1949) 10 p. Mimeo.

Prepared for NSCCA, the American Speech and Hearing Association and the New York University College of Medicine for the American Medical Assn. scientific exhibit, Atlantic City, June 6 to 10, 1949.

Single copies free from the National Society for Crippled Children and Adults.

#### CONFERENCE OF EXECUTIVES OF AMERICAN SCHOOLS FOR THE DEAF--PROCEEDINGS

368. Conference of Executives of American Schools for the Deaf.

Proceedings of the twentieth regular meeting...Faribault, Minn., Oct. 13, 14, 15, 1948. Am. Annals of the Deaf. Mar., 1948. 94:2:127-180. To be continued in the May issue.

Contents: Address of the president of the conference, by Sam B. Craig.-Summer session for children with speech or hearing defects, by Mrs. H. T. Poole.-A summer

CONFERENCE OF EXECUTIVES OF AMERICAN SCHOOLS FOR THE DEAF--PROCEEDINGS (continued)

training school for parents of pre-school deaf and hard of hearing children, by Roy Moore Stelle.-Driver training and education, by Stanley D. Roth.-The conference--its responsibility in the welfare of the deaf, by Elwood A. Stevenson.-Financing of residential schools, by Edward W. Tillinghast.-Report of the chairman of the Executive Committee...By Ignatius Bjorlee.-Recruitment of teachers, by J. A. Raney.-A letter to the post-war program, by Howard M. Quigley.

CONGENITAL DEFECTS--MEDICAL TREATMENT

369. Browne, Denis.

The time factor in the treatment of congenital abnormalities. Mother and Child. Mar. & Apr., 1949. 19:12 & 20:1. 2 pts.

"In this article an attempt is made to determine the optimum time for interference by stating the factors that make for early intervention, and those which make for delay and then balancing them against each other to produce a result."

CONVALESCENCE--NURSING CARE

370. Bahrenburg, Elizabeth C.

It's different at Rainbow; nurses in a children's convalescent hospital find new approaches to their small patients, by Elizabeth C. Bahrenburg and Lucy Allen. Am. J. of Nursing. June, 1949. 49:6:366-368.

Rainbow Hospital for Crippled and Convalescent Children, South Euclid, Ohio.

CONVALESCENCE--RECREATION

See 430.

DEAF

371. Amos, M. Lorraine.

The rehabilitation of persons with impaired hearing, by M. Lorraine Amos and Dana B. Roblee. Hearing News. June, 1949. 17:6:3-6, 10, 14.

"This article presents, for the consideration of rehabilitation workers, a discussion of diagnosis, prognosis, and specialized restorative education as they are directly related to the educational restoration of social and economic efficiency of persons with hearing impairments."

DEAF--BIOGRAPHY

See 427.

DEAF--EMPLOYMENT

372. Poulos, Thomas H.

Vocational adjustment as a public school service for acoustically handicapped children. J. of Exceptional Children. Apr., 1949. 15:7:211-212, 224.

The vocational training program for deaf school children in Oshkosh, Wis., begins with play-type workshop activities in the elementary grades and is gradually increased until senior high school when regular vocational and commercial courses are offered. Placement services are offered handicapped students after graduation.

DEAF--EQUIPMENT

373. Silverman, S. Richard.

Recent developments in hearing aids. J. of Exceptional Children. May, 1949. 15:8:235-238, 255.

Article discusses the hearing aid as a physical instrument and the relationship of the hearing aid and its user. A selected bibliography at end of article is especially useful.

DEAF--PREVENTION--ILLINOIS

374. Illinois. Commission for Handicapped Children.

Report on Advisory Committee on Hearing Conservation and Rehabilitation on Will County hearing conservation program. (Chicago) The Commission, 1948. 11 p.

DEAF--PREVENTION--ILLINOIS (continued)

The report summarizes the general plan of the hearing conservation program, work with cooperating agencies, results of seven months of work, and recommendations for the future.

DEAF--SPECIAL EDUCATION

375. Nelson, Myrthel S.

The evolutionary process of methods of teaching language to the deaf with a survey of the methods now employed, I. Am. Annals of the Deaf. May, 1949. 94: 3:230-294.

Thesis for the degree of Master of Arts, Gallaudet College, Washington, D. C.

A historical rather than critical discussion of teaching methods in general and of specific systems developed by educators in the field.

376. A new approach to the education of two and three year old deaf children, by the members of the staff of Junior High School 47. Volta Rev. May, 1949. 51:5 205-208, 256, 258. Article to be continued.

The staff of the Department of Child Study of Vassar College and the staff of Junior High School 47 met in conference to discuss a new method of teaching the pre-school, deaf child. This article constitutes the first part of a study and deals with basic teaching, philosophy, equipment and hearing aids.

See also 368.

DIABETES

377. Modern Medicine. June 1, 1949. 17:11:43-104. Title of issue: Symposium on diabetes.

Contents: Foreword, by Charles H. Best.-The future diabetic, by Elliott P. Joslin.-Research problems in diabetes, by Jerome W. Conn.-Diabetes in America: Current problems and needs, by Howard F. Root.-Diet in diabetes, by Lester J. Palmer.-Subcutaneous implantation of insulin in diabetes, by Franklin B. Peck.-Diabetes in children, by Henry J. John.-Diminished anti-body production.-Diabetes complication in pregnancy, by Priscilla White.-Arteriosclerosis in diabetes, by Henry Dolger.-Ocular complications of diabetes, by John Q. Griffith, Jr.-Education and diabetes detection, by George E. Anderson.

DRUG THERAPY

378. Mushin, William W., and others.

Curare-like actions of tri-(diethylaminoethoxy)-benzene triethyliodide, by William W. Mushin (and others). Lancet. Apr. 30, 1949. 256:6557:726-728.

Resume of findings in first clinical experiment in Great Britain with drug, "Flaxedil." Results proved use of drug is favorable and effective.

EPILEPSY--PARENT EDUCATION

379. Hoff, Hans.

Will my child have epilepsy? By Hans Hoff and Helen Clarke. New York, National Association to Control Epilepsy, Inc. (1949) 12 p. Bibliography: pp. 7-12.

A discussion of the types of epilepsy and the role heredity plays in the transmission of the disease. Available on request from the National Association to Control Epilepsy, 22 East 67th Street, New York 21, New York.

FOOT

380. Bivings, Lee.

Maintenance and care of strong feet in infancy and childhood. Am. J. of Diseases of Children. Oct., 1948. 76:4:440-447.

A study begun in 1932 covering over 1,300 case histories.

#### HANDICAPPED--LEGISLATION

381. Legislative Bul., National Society for Crippled Children and Adults, Inc. May 23, 1949.  
A description of bills relating to the handicapped which were introduced recently in state legislative assemblies. Single copies free from the National Society for Crippled Children and Adults.

#### HEALTH SERVICES

See 426.

#### HEART DISEASE

182. White, Paul W.  
Cardiovascular rejectees; a follow-up study, by Paul D. White (and others). J. Am. Med. Assn. Apr. 16, 1949. 139:16:1049-1053.

#### HEART DISEASE--EMPLOYMENT

383. Bodlander, Jerome W.  
The cardiac patient in industry. Industrial Nursing. Apr., 1949. 8:4:5-10.  
A discussion of specific types of heart disease with which the industrial nurse should be acquainted and the kinds of nursing care she should provide during a cardiac emergency for the employee with a heart condition.

#### HEART DISEASE--EMPLOYMENT--NEW YORK

384. Klapper, Morris.  
Cardiac rehabilitation for industry. Trained Nurse and Hospital Rev. May, 1949. 122:5:229-231.  
Results achieved in the first year of a two year experimental program for cardiacs conducted by the Altro Workshops indicate that the heart patient can be rehabilitated successfully to economic security.

#### HEMIPLEGIA--MEDICAL TREATMENT

385. Dinken, Harold.  
Physical treatment of the hemiplegic patient in general practice. J. Am. Med. Assn. Apr. 30, 1949. 139:18:1255-1257.  
Basic considerations in planning treatment and techniques in the management of hemiplegic patients.

#### HEMOPHILIA

386. Cohen, Ethel.  
Social adjustment of six patients with hemophilia prior to and during prophylactic treatment, by Ethel Cohen and Rosalind L. Herrmann. Pediatrics. May, 1949. 3:5:588-596.  
"Our observations indicate great improvement in the lives of the patients studied. Also, from this study some insight has been gained into the social component of this disease and of the problems both solved and created by effective treatment."

#### HOSPITALS--PHYSICAL THERAPY DEPARTMENT

387. Troxell, Alma M.  
The value of physical therapy in a small hospital. Modern Hospital. June, 1949. 72:6:73-74.  
Description of physical appearance, equipment and type of treatment given at the Oil City Hospital, Oil City, Pa., which is a small, 155 bed hospital.

#### INDUSTRIAL HYGIENE--PROGRAMS

388. Trasko, Victoria M.

The work of state and local industrial hygiene agencies. Public Health Reports. Apr. 15, 1949. 64:15:471-478.

Comprehensive report includes administrative organization, field services, in-plant health services, and statistical summary of activities.

#### MENTAL DEFECTIVES

389. A critique of the evaluation of the study by Bernadine G. Schmidt entitled: "Changes in personal, social, and intellectual behavior of children originally classified as feeble-minded." J. of Exceptional Children. May, 1949. 15:8:225-234.

A collection of evaluative statements from well known leaders in the fields of child psychology, mental measurement and mental hygiene.

#### MENTAL DEFECTIVES--MENTAL HYGIENE

See 404.

#### MENTAL DEFECTIVES--SPECIAL EDUCATION

390. Hollinshead, Merrill T.

Selective techniques in the placement of mentally retarded boys and girls in the secondary school. Am. J. of Mental Deficiency. Apr., 1949. 53:4:562-567.

A discussion and evaluation of the method used in Newark, N. J., in selecting mentally retarded students for schooling at the high school level, following pre-vocational school experiences.

#### MULTIPLE SCLEROSIS--ETIOLOGY

391. Kyger, E. R.

Brucellosis and multiple sclerosis; cutaneous reactions to brucella antigens, by E. R. Kyger and Russell L. Haden. Am. J. Med. Sciences. Dec., 1948. 216:689-693. Reprint.

A study of 118 consecutive cases of multiple sclerosis to determine its relationship to brucellosis.

#### NURSING

See 408.

#### OBESITY

392. Hutton, James H.

Obesity; report of 800 cases. Industrial Medicine. May, 1949. 18:5:197-202. Reprint.

The etiology, distribution, treatment and prognosis of obesity are discussed in relation to the findings in a study of 100 cases. Endocrines and endocrine preparations are evaluated in relation to their importance as factors in treatment.

#### OLD AGE--RECREATION

393. Recreation. May, 1949. 42:2:49-96.

Title of issue: Recreation for older adults.

Contents: Your play; planning for the oldsters today.-Again in the center of things, by Andrew A. Sargis.-Neighborhood responsibility for the older person, by Ollie Randall.-Conference on recreation for older folks.-In the wind.-A bird's-eye view of recreation program for older folks.-Paradise Center, by Ruth E. Swezy.-A place in the sun, by Frances Joyner.-Canadian oldsters like to play, too.

#### PARAPLEGIA--EQUIPMENT

394. Shear, Henry R.

Eating devices for the paraplegic patient, by Henry R. Shear and A. Estin Comarr. Occupational Therapy and Rehabilitation. Apr., 1949. 28:2:154-158.

"Quadriplegics tend to eat with the usual eating utensils by using the remaining function. An eating device is presented which has proven useful in 8 quadriplegics."

#### PARENTS AND TEACHERS

395. U. S. Office of Education.

Working with parents; a handbook prepared by Hazel F. Gabbard. Washington, The Office, 1948. 46 p., illus. (Bul. 1948, no. 7) Bibliography: pp. 33-34.

A handbook designed to help educators plan group activities and work in close cooperation and harmony with parents toward better educational goals for children. Available from the U. S. Superintendent of Documents, Washington 25, D. C., at 15¢ ea.

#### PEDIATRICS--PERSONNEL

See 426.

#### PHYSICAL EFFICIENCY

396. Bennett, Robert L.

Functional testing and training in physical medicine. Archives of Physical Medicine. May, 1949. 30:5:263-271.

A discussion of functional testing and grading and of the functional training program in use at Georgia Warm Springs Foundation. Particular emphasis is placed on proper period of training, since a too early start would be of no benefit and possible detriment to patient.

#### PHYSICAL EXAMINATIONS

397. McBride, Earl D.

Disability evaluation; definition of disability. J. Indiana State Med. Assn. Jan., 1949. 42:1:19-22. Reprint.

For the doctor who is called upon to make examinations in industrial accident cases. Includes material on examination and reports, testimony in court, standardizing measurement of disability, and loss of function as the basis of disability.

#### PHYSICAL MEDICINE--CANADA

398. Coffey, T. H.

Physical medicine in Canada. Brit. J. of Physical Medicine. Mar.-Apr., 1949. 12:2:30-34.

A resume of physical therapy work in Canada, its pre-war status and post war developments which included training of medical specialists, student therapists, treatment of older patients and establishment of sheltered workshops.

#### POLIOMYELITIS

399. Blakeslee, Alton L.

Polio can be conquered. (New York, Public Affairs Committee, Inc., 1949.). 31 p., illus. (Public Affairs Pamphlet no. 150) Bibliography: p. 31.

An informative pamphlet on the problem of poliomyelitis, its treatment, symptoms, cost of medical care and progress in research. Helpful hints to parents are given concerning symptoms to watch for and type of nursing to provide for sick child. Available from Public Affairs Committee, 23 East 38th Street, New York 16, N. Y. at 20¢ a copy.

#### POLIOMYELITIS--BIOGRAPHY

See 427.

#### POLIOMYELITIS--MEDICAL TREATMENT

400. Paul, W. D.

Preliminary report on the treatment of anterior poliomyelitis with exercise and curare, by W. D. Paul and O. A. Couch. Archives of Physical Medicine. May, 1949. 30:5:277-285.

In same issue: Functional improvement produced by resistance exercise of quadriceps muscles affected by poliomyelitis, by Edward M. Krusen, Jr., M. D., pp. 271-277.

#### POLIOMYELITIS--NURSING CARE

401. Kottke, Frederic J.

The patient with bulbar-respiratory poliomyelitis, by Frederic J. Kottke and William G. Kubicek. Am. J. of Nursing. June, 1949. 49:6:374-377.

Discussion of the special nursing problem involved in use of tracheotomy tube and respirator.

#### POSTURE

402. Schenker, A. W.

Pathologic implications of abnormal stance and gait. Occupational Therapy and Rehabilitation. Apr., 1949. 28:2:131-141.

Purpose of article is to stress the effect posture has on chronic illness in general.

#### PREGNANCY

403. U. S. Children's Bureau.

Prenatal care. (Washington) The Bureau, 1949. 76 p., illus. (Children's Bur. publication no. 4)

A completely rewritten edition of a pamphlet covering all phases of childbirth from the early stages of pregnancy to the care of the new-born. This handbook should prove useful to both prospective father and mother. Available from the U. S. Superintendent of Documents, Washington 25, D. C., at 15¢ ea.

#### PSYCHOLOGY

404. Stein, Elizabeth.

The behavior of the handicapped. Am. J. of Mental Deficiency. Apr., 1949. 53:4:649-652.

"Our mentally deficient children should be helped to use what judgment and reason they possess in helping to work out activities for themselves which will as an end result mean group happiness and a personal feeling of well being."

#### PUBLIC HEALTH NURSING

405. Malcolm, James C., and others.

Time analysis of public health nursing service; Alameda County Health Department, 1946-1947, by James C. Malcolm and others. Public Health Reports. Apr. 29, 1949. 64:17:523-536.

In view of plans for an expanding health program, a time study was undertaken to determine present scope of activities and services and to determine whether time spent in particular activities made for a well-rounded program.

#### REHABILITATION

406. Rusk, Howard A.

Rehabilitation. J. Am. Med. Assn. May 21, 1949. 140:3:286-292.

The VA policy, Bellevue Medical Center policy, and rehabilitation in general hospitals are among various aspects of rehabilitation considered. Statistics on the handicapped are included.

407. —.

The teaching of rehabilitation and physical medicine (an abstract). Proceedings of the Annual Congress on Medical Education and Licensure. Feb. 9 and 10, 1948. 6 p. Reprint.

"Rehabilitation is an integral part of total medical care, and has a special place in the general hospital under-graduate, graduate, and post-graduate teaching."

408. Taylor, Eugene J.

Rehabilitation: The third phase of medicine; its implication for nursing. Danville State Hospital Mental Health Bul. 26:4. 11 p. Reprint.

Presented at the 44th annual conference of the Pennsylvania State Nurses' Association at their joint meeting in Pittsburgh on November 10, 1948.

REHABILITATION (continued)

See also 366.

REHABILITATION--GREAT BRITAIN

409. Great Britain. Ministry of Labour and National Service.

Second report of the Standing Committee on the Rehabilitation and Resettlement of Disabled Persons. London, His Majesty's Stationery Office, 1949. 20 p.

A report on the medical, psychiatric, and vocational services available to disabled persons. A review of the work in the fields of epilepsy, paraplegia and blindness is given. Available from British Information Services, 30 Rockefeller Plaza, New York 20, N.Y., at 25¢ a copy.

REHABILITATION--LEGISLATION--GREAT BRITAIN

410. Great Britain. Central Council for the Care of Cripples.

Local voluntary associations for the physically handicapped. London, The Council, 1949. 45 p.

Contents: Pt. 1. Formation and aims.-Pt. 2. Provisions of recent legislation

RHEUMATIC FEVER

411. American Academy of Pediatrics.

Rheumatic fever: summary of present concepts, by Lee Forrest Hill and others. Pediatrics. May, 1949. 3:5:680-710.

The magnitude of the problem, incidence, mortality, disability, etiologic and diagnostic considerations and treatment are reviewed in this panel discussion.

See also 354.

RHEUMATIC FEVER--MENTAL HYGIENE

412. Josselyn, Irene M.

Emotional implications of rheumatic heart disease in children. Am. J. of Orthopsychiatry. Jan., 1949. 29:1:87-100. Reprint.

Case studies of convalescent children at Herrick House who were emotionally maladjusted. Histories of children revealed some indication of maladjustment prior to illness, but in cases studied most closely, it was found that emotional instability was in part due to sickness.

SCHOOL BUILDINGS--DESIGNS AND PLANS

See 428.

SHELTERED WORKSHOPS

413. Hochhauser, Edward.

Objectives of sheltered workshops. Jewish Social Service Quarterly. June, 1949. 25:4. Reprint.

An authoritative evaluation of the purposes and program of a sheltered workshop. Environment, subsidies, products, wage and hour laws, and auxiliary services are considered. Program of the Altro Workshops is described.

SHELTERED WORKSHOPS--LEGISLATION

See 359.

SPECIAL EDUCATION

See 429.

SPECIAL EDUCATION--BIBLIOGRAPHY

414. Robinson, Helen M.

Selected references from the literature of exceptional children, by Helen M. Robinson and Christine P. Ingram. Elementary School J. May-June, 1949. 49:9-10:544-554.

SPECIAL EDUCATION--BIBLIOGRAPHY (continued)

A review of the literature of 1948. Bibliography is divided into following categories: The mentally defective, the juvenile delinquent, the blind and partially sighted, the deaf and hard of hearing, the orthopedically handicapped, and the speech defective.

SPECIAL EDUCATION--INSTITUTIONS--NORTH DAKOTA

415. North Dakota. Crippled Children's School, Jamestown.

Shall life and hope end for them at sixteen? (Jamestown, The School, 1949)  
(15) p., illus.

An illustrated publicity brochure describing the need for vocational training facilities. Available from the Jamestown Crippled Children's School, Jamestown, N.D.

SPECIAL EDUCATION--PERSONNEL

416. Parker, Rose E.

Undergraduate preparation for teachers of exceptional children. New York, National Society for the Prevention of Blindness (1948) 8 p. (Publication 483)  
Reprinted from Sight-Saving Rev. 18:2.

The need for qualified candidates and special educational training for teachers of exceptional children is stressed. Pamphlet available from the National Society for the Prevention of Blindness, 1790 Broadway, New York 19, N. Y. at 5¢.

SPEECH CORRECTION--GREAT BRITAIN

417. Oldrey, Beryl.

Speech defects. Mother and Child. May, 1949. 20:2:34-37.

Mentions briefly articulation defects, stammering, and procedure a speech therapist should follow in providing treatment.

SPEECH CORRECTION--PERSONNEL

418. (Ohio. Department of Education. Division of Special Education)

Make your career speech and hearing therapy; thousands wanted for schools, colleges, hospitals. (Columbus, Ohio Society for Crippled Children, Inc., 1949) 17 p., illus.

Prepared by Ruth Beckey Irwin.

A career booklet for the profession of speech and hearing therapy, giving educational requirements, types of opportunities, salaries, professional relationships, etc. Available from the Division of Special Education, State Dept. of Education, State Office Bldg., Columbus, or the Ohio Society for Crippled Children and Adults, 5 West Broad Street, Columbus. 10¢ a copy.

SPEECH CORRECTION--PROGRAMS--WISCONSIN

419. Sokolnicki, Alfred J.

Speech correction for elementary school children. Catholic School J. June, 1949. 49:6:195-196. Reprint.

Description of the speech correction program in parochial elementary schools in Milwaukee and vicinity, which is sponsored by the School of Speech, Marquette University. Other services provided by the School include a preschool clinic, adult clinic, and a cerebral palsy speech clinic at Goodwill Industries.

SPINE INJURIES

420. Disabilities: 28. Fractured spine. Lancet. Apr. 23, 1949. 256:6556:705-707.

An English physician describes gradual and painful recovery from an accident which severely injured his spine.

STATE SERVICES--ILLINOIS

421. Illinois. Illinois Commission for Handicapped Children.

Proceedings of the fifth Governor's Conference on Exceptional Children, 1948. Chicago, The Commission, 1948. 46 p.

Contents: Welcoming address, by Mrs. Henry C. Dormitzer.-A Community tool, by Mrs. Margaret B. Cowdin.-Lifting the handicaps from the handicapped, by Julius Richmond.-Movement is life, by H. Worley Kendell.-Background and needs in services

STATE SERVICES--ILLINOIS (continued)

for adult handicapped, by Mary Thompson.--Proposal from Council of Social Agencies of Chicago, by Ben H. Gray. Available from the Illinois Commission for Handicapped Children, 160 La Salle St., Chicago 1, Ill.

STUTTERING

422. Crickmay, M. C.

Treatment of a stammerer in the secondary stage of stammering. Lancet. Apr. 16, 1949. 255:6555:644-646.

Presents a series of four goals used in the re-training of a stutterer, so that he will control rather than avoid his speech difficulties. Second stage is described as that period in which the stutterer has become self-conscious about his speech difficulty and attempts to find ways and means of avoiding a speech situation.

SWIMMING

423. Ferguson, Ruth S.

Water safety for the physically handicapped. J. of Am. Assn. for Health, Physical Education and Recreation. May, 1949. 20:5:317, 356-357.

Author recites experiences as instructor in swimming and water safety to physically handicapped children at Seaside Sanitarium, Waterford, Conn.

TUBERCULOSIS--INSTITUTIONS--GREAT BRITAIN

424. Seymour, John W.

The East Lancashire Tuberculosis Colony, by John W. Seymour and H. C. Clarke. Occupational Therapy and Rehabilitation. Apr., 1949. 28:2:142-153.

A resume of the effective rehabilitation program and experiences of the sanatorium workshops and village settlement at Barrowmore Hall, Great Barrow, England, since its opening in 1921.

VETERANS (DISABLED)--MEDICAL TREATMENT

425. Loughlin, Richard L.

A historical study of convalescent reconditioning and rehabilitation in United States army hospitals. Bul., U. S. Army Med. Dept. June, 1949. 9:6:533-537.

Abstract of Ph. D. thesis.

Description of the rehabilitation program sponsored in Army hospitals from its very beginning. A comparison is made between program used prior to World War II and one used during the war.

NEW BOOKS IN THE LOAN LIBRARY

HEALTH SERVICES

426. American Academy of Pediatrics.

Child health services and pediatric education; report of the Committee for the Study of Child Health Services. New York, Commonwealth Fund, 1949. 270 p., tables, diags., maps. Bibliography: pp. 257-258. \$3.50.

Study made with the cooperation of the United States Public Health Service and the United States Children's Bureau.

## HEALTH SERVICES (continued)

A report on the nation-wide survey of existing facilities and services available to infants and children in the United States. First part of book is devoted to analysis and statistics on child health services available, private practice of physicians and dentists in care of children, and hospital services to children. Second half of book is devoted to graduate and undergraduate education of pediatricians.

## POLIOMYELITIS—BIOGRAPHY

227. Goldman, Raymond Leslie.

Even the night. New York, Macmillan Co., 1947. 196 p. \$2.50.

Even the Night is the life story of a man who found happiness in spite of ill-health, contentment in spite of physical limitations, and peace of mind in spite of overwhelming adversity. Severely crippled by polio, Raymond Goldman's health was further impaired later in life by progressive deafness and diabetes. His physical and spiritual achievement should prove absorbing reading to all.

## SCHOOL BUILDINGS--DESIGNS AND PLANS

228. National Council on Schoolhouse Construction.

Guide for planning school plants. The Council, 1949. 173 p. Bibliography: p. 173.

Chapter 3, Sect. 6: Facilities for the exceptional child, pp. 47-52.

Intended primarily for elementary and secondary school plants, the principles are applicable to college and university needs. Published annually, and available from the Secretary of the Council, George Peabody College, Nashville, Tenn. \$1.25.

## SPECIAL EDUCATION

229. Dolch, Edward William.

Helping handicapped children in school. Champaign, Ill., The Garrard Press, 1948. 349 p. \$3.75.

A manual for parents and teachers on the special education needs of the various types of handicapped children. Written to avoid technical discussion, the text presents a broad view of the field of special education and does not attempt to provide a pattern for ideal methods and programs.

## VETERANS (DISABLED)--RECREATION

230. American Theatre Wing.

Recreation is fun; a handbook on hospital recreation and entertainment. Text and editing by Esther M. Hawley. (New York) American Theatre Wing (c1949) 115 p.

A manual of recreational activities prepared by the Hospital Committee of the American Theatre Wing, based on material compiled in the course of their work with the hospitalized veteran and patient. Material is provided for both ward and auditorium use and all activities contain some element of audience participation. Available for \$1.00 from American Theatre Wing, 730 Fifth Ave., New York 19, N. Y.

## BULLETIN ON CURRENT LITERATURE

The publications listed in this issue have been received by the library of the National Society for Crippled Children and Adults and are available for loan. The library does not stock copies for sale. Prices are listed, when known, so that orders may be addressed directly to the publishers. The publications are listed by author and title under the subject heading by which the item is cataloged and filed in the library. The subject headings in the Bulletin can be identified by being in all-capital letters.

Because the library may have only a limited number of copies of any item listed, and because of the great number of requests frequently received, it is suggested that the resources of local libraries be investigated first. The services of the library are extended to organizations and individuals whose local resources are so limited as to make information otherwise unavailable. It is understood that the borrower agrees to pay shipping charges for sending him the loan material and for returning it to the library.

### THE NATIONAL SOCIETY FOR CRIPPLED CHILDREN AND ADULTS Officers and Executive Committee 1949

Dr. John J. Lee, <i>Michigan</i> .....	President
William H. Jaenicke, <i>California</i> .....	President-Elect

Mrs. Jack Carnes <i>Arkansas</i>	Dr. George A. Selke <i>Montana</i>
Paul Dietrich <i>California</i>	Roscoe L. Thomas <i>Texas</i>
Davis Geiger <i>Kentucky</i>	Parker Trowbridge <i>Massachusetts</i>

A nationwide organization with headquarters in Chicago and more than 2,000 member state and local societies for the crippled and handicapped throughout the country.

The Society's many projects and services are directed and supervised by professionally trained specialists. Services include health, welfare, education, rehabilitation, recreation, recruitment and training of specialized personnel, and employment for all types of handicapped persons.

All services are established and carried out in a manner to supplement and extend and not to duplicate or compete with the services of any other agency, public or private. The National Society is supported by the annual sale of Easter Seals.
